KEY SKILLS

IT SKILLS

♦ Operating Systems:

♦ Familiarity with operating systems such as Linux, Mac, and Windows.

♦ Communication Skills

I delivered an impactful presentation to a substantial audience of between 500 to 1000 individual at a recent event.

♦ Leadership/Teamwork Skills

My role as the group leader in a school project presentation helps me display leadership skills such as being accountable, responsible and able to inspire and motivate others and work with a team.

♦ Organization and time management

I take part in extracurricular activities at university, which I manage alongside my degree work. This has taught me to balance and prioritize demands.
